The role of local authorities in preparing for the opportunities and challenges of an ageing society.

The Centre for Policy on Ageing has been commissioned by the Local Government Association (LGA) to undertake a call for evidence on the role for Local Government in respect of an ageing society. A cross-cutting Task and Finish group has been established by LGA to consider the opportunities and challenges that an ageing society presents and how local authorities might prepare themselves in the immediate and longer term to respond to these. The intention is for this programme to be completed and its report published by March 2015.

We would welcome your views on the contribution that Local Government can offer, and the changes Local Government should make, to adjust to their local ageing communities and to maximize the opportunities for local citizens and communities to age better. It would be helpful if you can cite examples where you are aware of good or innovatory practice
